November 3, 2023

Hello Everyone,

This is the October update in November. As my pappy used to say better late than never.

First, I would like to thank everyone for breaking down your boxes. We have found very few boxes in the dumpster that were not flattened. It allowed us to have only one dumpster for almost two months.

The water plant filters were cleaned. The transfer switch for the new generator is complete. The storage tank and hydro tank were cleaned and inspected. We are waiting for the report. Everyone knows about the hydro tank issues; we have ordered one.

The pickle ball court is complete, and people are enjoying themselves. There is a pickle ball clinic on Saturday mornings.

The door from the pool to the bathrooms has been replaced, no more fighting the door to get in.

There are new benches installed on the pétanque court and new ramps are being installed to prevent tripping.

Don says there are two spots left for the first CPR class. If you are interested, get a hold of Don Feigel.

Lastly the budget meeting is November 11, 2023, at 2:00 p.m. at the Clubhouse. We need your PROXY'S in as soon as possible.

Thanks,

BOD
