DECEMBER UPDATE

HAPPY HOLIDAYS TO ALL. Hope everyone had a great Christmas. Everything has been pretty quiet which is a great thing.

As of this writing our hydro tank is supposed to be completed the 29th and installed soon after, but as we know things happen around the holidays. We will call and get an update on the 2nd of January.

Galene has done nothing about the sewer plant. So, I assume they will not by the deadline of January 4th. The lawsuit will proceed.

The golf committee appreciates everyone riding two to a cart. It does not seem like much, but it saves a lot of wear and tear on the golf course. They ask that you repair the divots on the tees and ball marks on the greens, even if your ball does not stay on the greens, please look for a ball mark. If you make one fix two.

We have had an issue with a yellow tint to the water. We had U.S. Water out and the issue was the filters. Central Water maintains them, so we called them, and they told us how to correct it. When the old water in the storage tank runs out, it will clear up.

The lake habitat committee has had one day of clean up for the lake lettuce and is scheduling another one. If you see people behind your house or on boats don't be alarmed. They are taking care of the lake for all of us.

That's it for now. We hope everyone has a safe and enjoyable New Years Eve.
