

Blue Cypress Golf and RV Resort's Webpage

<http://bluecypressgolfandrivresort.com>

Dear Owner(S)

Many of you have already joined the Blue Cypress Webpage, <http://bluecypressgolfandrivresort.com> but some of you are not aware that we have our own webpage. This is not a Facebook page.

We have not used it for announcements since May of 2023, which is when we found out that insurance providers read our posts to find out information to rate our resort. I know that sounds crazy, but they did it. When we were looking for an insurance company last spring the agency that we were getting quotes from had our announcements and asked us questions concerning information that was posted on our webpage. Our agent called us and told us what was happening and advised us to stop posting anything that had to do with alcohol, parties, bands, broken waterlines, sewer problems, water plant problems, infrastructure issues, thefts, storm damage, etc. She said that information would be used to rate us for insurability.

Our page is open to the public apart from the financial statements, minutes and now announcements. We worked with RPM media to make the announcement page password protected but they wanted \$500.00 upfront plus their hourly fee. We did not want to spend the money knowing that all our expenses had increased and were still going up.

Valerie Silvers told us that she had a background in using WordPress which is the software used on our site. (THANK YOU VALERIE) Valerie volunteered to help us utilize the software and she made the announcement page password protected. This will eliminate insurance providers from accessing our announcement page. We are required by the Florida State Statute 718 to have the page and post specific information on it and thanks to Valerie Silver we can now do that.

We will begin posting announcements, general information, and emergency postings as well as officers of the social club, board of directors, and employees again in mid-February. The governing documents are also listed on the webpage and other important information you will want to access.

Registering is self-directed and passwords are set by you. The office does not have access to anyone's password. You will register yourself and if you forget or lose your password you will reset it yourself. You will have the ability to change your password at any time. This will be a read only site until we can add the owner's blog. It also has a monthly calendar that can be added as well as a photo gallery and library. The site can do so much more than what we are using it for.

To register for a password, go to <http://bluecypressgolfandrivresort.com> and find member login, place your cursor on the member login and click on registration and follow the guidelines. If you need help you can contact me directly at **Lon Sloan**, Email-res289@aol.com or call 765-748-3222 or **Carmen** and **Debby** can help, and **Valerie** is willing to help too.

If you would like to help with the webpage, please let them know in the office.
